## PROFESSIONAL EXPERIENCE

---

### ACADEMIC APPOINTMENTS

1986 - 1992	ASSISTANT PROFESSOR OF GENERAL SURGERY	Abha College of Medicine King Saud University Abha, KSA
1992	ASSOCIATE PROFESSOR OF GENERAL SURGERY	College of Medicine King Saud University Riyadh, KSA
1998	PROFESSOR OF GENERAL SURGERY	College of Medicine King Saud University Riyadh, KSA
2009	PROFESSOR OF GENERAL SURGERY	College of Medicine Alfaisal University Riyadh, KSA

Since my appointment as Assistant Professor of Surgery in 1986, I was extensively involved in the teaching of under- and postgraduate students of different levels, coordinating and designing the surgical courses. In 1989, I was appointed as Dean of the College of Medicine, King Saud University, Abha branch. During my deanship I was involved teaching, supervision of different courses and chairing of many academic as well as educational committees. I was also an Examiner in the Arab Board and Saudi Board for Surgery; consequently, I was invited several times as External Examiner in other countries like Syria, Egypt, and Yemen.

In 1992, I joined King Fahad Hospital, Al-Madinah Al-Munawarah in secondment from the university to take the position of the Medical Director as Consultant General Surgeon. During this time, I participated very actively in the teaching of the postgraduate students in the Arab Board Program and in the fellowship of Ireland and Edinburgh. Additionally, I was supervising and chairing the committees concerned with the postgraduate training programs.

### ADMINISTRATIVE APPOINTMENT

1987 - 1989	VICE DEAN FOR CLINICAL AFFAIRS	Abha College of Medicine
1989 - 1992	DEAN OF ABHA COLLEGE OF MEDICINE	King Saud University Riyadh, KSA

---

I have been involved extensively in the administration of the college and the hospital as Vice Dean for Clinical Affairs and Dean of the college. Managing and supervising the college teaching staff as well as developing the curriculum for the Medical School in Abha as it was in its early years of establishment during my term as the Dean of the college. The clinical teaching was consolidated by the Ministry of Health Hospital, we established the protocol for the cooperation between the two institutions, chaired the College Board, Curriculum Committee, Research Centre and other important committees. Involved very actively in the management of the Assir Central Hospital Department of Surgery, ensuring a good standard of medical care to the patient. and keeping an active continuous educational activity at the hospital. During my term as a Head of Department of Surgery, the Department was recognized from the Arab Board and the Royal College of Surgeons of Edinburgh and Ireland for Pre-fellowship requirement training. I have an extensive experience in the recruitment of doctors and nurses as I am the one who was doing the recruitment for the College of Medicine, and was doing it for Assir Central Hospital for 3years.

1992 - 1995	MEDICAL DIRECTOR	King Fahad Hospital Al-Madinah Al-Munawwarah, KSA
-------------	------------------	--

---

I joined King Fahad Hospital in Al-Medina Al-Munawarah as the Medical Director and Consultant Surgeon, taking care of the management of the different department of the hospital related to the Medical Director. I have put the By-laws, Policy and Procedures of the Clinical Departments and started all the important

---

Committees required to run the hospital smoothly and ensure a high level of medical care delivery.

1998 - 2001

ASSISTANT SECRETARY GENERAL FOR  
PROFESSIONAL AFFAIRS

Saudi Commission for Health Specialties  
Riyadh, KSA

---

I was appointed in this position - taking care of all the professional aspects of the Saudi Commission tasks, I joined the Saudi Commission at early period of its constitution. I was involved very heavily in the administrative managements and establishing different committees for Saudi Board Training Programs in more than 30 specialties, in addition to the involvement of putting the Policies and Procedures and By-laws of the Saudi Commission for Health Specialties.

I am also representing the SCHS in many important committees in the Ministry of Health, e.g. the Higher Medical Committee and Higher Training Committee.

Also, Acting for the Secretary General during his vacations.

2004 - 2010

MEDICAL DIRECTOR &  
CHIEF OF MEDICAL STAFF

National Medical Care Company  
Riyadh Care Hospital  
Riyadh, KSA

---

National Medical Care Company (NMC) is a medical company that owns and manages two (2) big private hospitals in Riyadh, KSA (Riyadh care Hospital and National Hospital). As a Medical Director, I was overseeing and managing the medical aspect of this business, planning for the Improvement and upgrading of the hospitals services. I chaired many important committees including the Capital Equipment Purchasing Committee while the NMC Forms Committee and the NMC Pharmacy and Therapeutic Committee were reporting to me as Medical Director of NMC. Besides chairing hospital committees, I was also with the recruitment panel responsible for interviewing and selecting medical staff wherein I could make use of my extensive experience in medical staff recruitment since 1988. I was a member of the recruitment panel of Witikar Company and thereafter the Washington Healthcare Company, and the Ministry of Health, recruiting medical and non-medical staff for government and private hospitals.

Concurrent of being the Medical Director of both hospitals, I was also the Chief of Medical Staff of Riyadh Care Hospital, which is about 300-bedded hospital with a very busy practice In all aspects of medical specialties. As such, I chaired the Hospital Price List Committee, Credentialing and Privileging Committee, and the Medical Executive Committee. Likewise, there were several significant committees reporting to me namely: Ambulatory Care Committee, Handicaps and Mortality Committee, Infection Control Committee, Code Blue, Peer Review, Operating Room Committee, Ethics Committee, etc. I was also instrumental in the realization of some hospital projects like the IVF Unit (ART Care Unit), Paediatric ICU, Laparoscopic Unit, Lasik Unit, and the project of establishing an Orthopaedic Unit in the Hospital in collaboration with the Bio Motion Foundation in Florida, USA. I was also involved in the recruitment of medical staff, local and international, for both Riyadh Care Hospital and Riyadh National Hospital. My active involvement as Member of the Steering Committee and Sub-Committee Chairman tasked to prepare the hospital towards accreditation, both local and international the Joint Commission International Accreditation granted the hospital's "Gold Seal" signifying that the Hospital has been accredited Internationally. Additionally, our active Continuing Medical Education Department, the Ambulatory Care Services, the Medical Library, and the BCLS Programs were also under my concern.

Although I am very busy in the medical administration aspects of the company. still I had to attend fully booked outpatient clinics including a regular operating session.

Further, I used to be the acting during the leaves of the Director General of the Company (National Medical Care Company) and the Director General of Riyadh Care Hospital.

### **HOSPITAL APPOINTMENT**

1986 - 1992

CONSULTANT IN GENERAL SURGERY &  
HEAD OF SURGERY DEPARTMENT

Abha General Hospital & Assir Central Hospital  
(affiliated with College of Medicine)  
Abha, KSA

1992 - 1996	CONSULTANT IN GENERAL & LAPAROSCOPIC SURGERY	King Fahad Hospital Al-Madinah Al-Munawwarah, KSA
1996 - 2005	CONSULTANT IN GENERAL & LAPAROSCOPIC SURGERY	Department of Surgery College of Medicine King Khalid University Hospital Riyadh, KSA
2004 - 2010	CONSULTANT IN GENERAL & LAPAROSCOPIC SURGERY	Department of Surgery Riyadh Care Hospital Riyadh, KSA

I have a very extensive experience as a General and Laparoscopic Surgeon with special interest in Thoracic and Biliary Surgery. I have performed a large number of operations in different fields of general, thoracic and vascular surgery, including the most major type of operations which can be done in this field. In spite of my administrative commitment as a Dean of the College and the Head of the Department of Surgery, I managed to keep myself as one of the busiest surgeons in the department performing a long O.R. list and running the outpatient clinical. I have a very good experience in Laparoscopic Surgery (Laparoscopic Cholecystectomy, Laparoscopic Hernia Repair, laparoscopic Splenectomy and other laparoscopic Procedures). We started the Robotic surgery at King Khalid University Hospital as the first group of surgeons trained in this technology in the Middle East.
