| Course Code & No : ENGL 102 | |
| Course name : General English II | |
| Credits : 5 (4 + 1+ 0) | |
| Pre-requisite : ENG 101 | |

Course Description:

This is an integrated course which covers the four main learning skills i.e. reading, writing, listening and speaking it is an amalgam of SLA and EAP methodologies. It has two main objectives in which are: 1 improving student's ability to communicate in English and 2 preparing students in their for their field of studies which could be medicine, pharmacy, nursing etc. in other words, the course aims to equip the students with skills necessary for them to succeed in their academic life.

This course is based on a blend of communicative approach techniques to language acquisition and post communicative studies namely systemic functional grammar.
